

# *The Astronomical Almanac*

## **Errata for the 2018 Edition**

### **Natural Satellites, Section F**

- Pages F6, F8, F40, F47, F50, F51; orbital periods of certain bodies

The values for the orbital periods given on F2 and F4 occasionally do not match similar data given on F6, F8, F40, F47, F50, or F51. In all cases, the values on F2 and F4 are the most up-to-date.

- Page F43, Hyperion table only:

The Inferior Conjunction value given on December 50 is erroneous and should be ignored.

### **Stars and Stellar Systems, Section H**

- Section H, Selected Variable Stars, editions 2000-2018:

For  $\eta$  Car, replace HD93309 with HD 93308.
